This newsflash will tell you how to catch up on your missed TV

How to watch catch up TV on your TV –

You could read this article to find out, or you could simply go to <https://www.youtube.com/watch?v=l8Acy4MY81k> to watch a video of me showing you how to do it.

Requirements:

- A TV with a VGA and audio input
- A Laptop or notebook with a headphone jack and a VGA output
- A VGA cable (about \$10 from Jaycar Electronics, <http://tinyurl.com/lke76m8>)
- A 3.5mm headphone jack. (about \$10 from Jaycar, <http://tinyurl.com/lu64q56>)

Instructions –

1. Connect the VGA cable to your TV and the other end to your Laptop
2. Connect the Audio Jack to your headphone output on you Laptop and the Audio IN on your TV.
3. Turn on your TV and look for the input button on your controller. Change the input to PC, RGB or VGA (this depends on your brand of TV)
4. Once you turn on your laptop, you should be able to see exactly what is on your laptop screen also appear on your TV, with sound working too.
5. Bring up <http://www.freeview.com.au/tvguide/catchup.aspx> and select the TV network you want to watch.
6. Enjoy the huge selection of TV shows and episodes with hardly any ads.
